

MISSION & VISION

Mission

To assist our clients in advancing national security through innovative strategies and approaches based in data-driven analysis. We empower the best and brightest teams and employ leading-edge, mission-focused software tools to deliver results that matter

Vision

Be the premier, independent global provider of data-driven analytical insights for critical national security programs, TRUSTED by our clients to help them solve their most complex challenges with data-driven solutions.

MARKETS

We have five decades of experience partnering with clients to help inform decisions on critical national security issues. The strategic value and impact of our knowledge-based and data driven solutions is relied upon by the Department of Defense, the Intelligence Community, the Department of Homeland Security, the Department of Energy, and numerous other government agencies.
